1. Mr. Houston and I had a meeting with Lyle Fisher, General Counsel of GAO, regarding the CIA legislative proposals for 1952. Mr. Fisher indicated that the Comptroller General would consider it preferable if we could amend Sections 3 and 5 in accordance with our needs, rather than repeal them and broaden the authorities of Section 10(a)(2). He offered the assistance of his staff in drafting appropriate legislation.

2. Received from Congressman C. W. Bishop correspondence regarding the Democratic Revolutionary League of the Chinese Communist Party. Papers forwarded to Chief, under date of 30 January.
